& Certified by ISO 9001:2015

ACTION TAKEN REPORT FOR THE ACADEMIC YEAR 2023-24

EMPLOYER FEEDBACK ON THE CURRICULUM

SUMMARY

This institution is affiliated with JNTUK, Kakinada and the college academic curriculum is designed by the Board of Studies at the University. The Board of Studies prepares the curriculum by taking suggestions and remarks from the affiliated colleges through conducting meetings with the principals (of the affiliated colleges) before preparing the Blueprint of the curriculum.

However, the Institution obtains feedback on the curriculum design and development from various stakeholders. The feedback is collated and analyzed at college academic meetings in the institution. Based on feedback requirements, the institutions planned as follows:

- Various expert talks of industry personnel has been arranged throughout the year to make them aware topics about recent and advanced practices adopted by industries.
- Curriculum includes practical and subject with personality development, where students work in group to improve team work and leadership.
- Institute communicates various resource persons for webinars, hands on training and conferences to improve industry-based knowledge and training.
- Soft skill related courses are already included in curriculum.

Instead of merely collating the information even though obtained from the experts, required suggestions and remarks about curriculum are covered by the principal to the University through attending meetings in the university and it is made perfect to suit the students.
